City of Buckhannon
Consolidated Public Works Board
Sidewalk Assistance Program
Guidelines

The City of Buckhannon Sidewalk Assistance Program is a 50% funding match program based on an estimate given by a City of Buckhannon Street Department Representative. Funding availability is subject to City Council approval each fiscal year. The projects considered for funding must be sidewalks that are on City of Buckhannon street right-of-ways. All projects must follow this guideline and the “City of Buckhannon Sidewalk Specifications” to be considered for funding.

1. Express interest in participating in the reimbursement program.
2. Submit an itemized estimate from your contractor with complete project description.
3. Street Department representative looks at proposed project and submits an estimate.
4. Present all documentation to Consolidated Public Works Board for approval.
5. Notify property owner of the board’s decision and to apply for a building permit.
6. City Hall submits a copy of building permit to the Street Department.
7. Property owner notifies Street Department upon completion of project.
8. Street Department Representative inspects completed project and recommends payment.
