

BUILDING FAÇADE GRANT REVIEW COMMITTEE

The Façade Committee met on June 2, 2022 at 9:30 am.

Committee members present were: Mayor-Robbie Skinner and Assistant Recorder-Amberle Jenkins.

Also in attendance was Laura Meadows of the Upshur County CVB.

The following two applications were reviewed:

- 1. Upshur County CVB – 14 E Main Street**

A zoning application and building permits will be needed before construction can begin. Receipt for actual costs will need submitted to City Hall once the project is complete. At that time, half of the cost of the project, up to \$2500 will be paid toward the cost of the project.

Mrs. Meadows explained the details of the project.

Amby,

Attached are the pictures stating what we are looking to do for phase 2 at the location of : 10 north spring st, buckhannon, wv 26201

We are still having issues at our office therefore this was the quickest way to get this to you. My apologies.

However you will see 5 pictures.

Phase 2 exterior:

1—is the front of the building showing we will be extending the metal from the awning to the top with the replacement of windows

2- shows the replacement of both side windows that are circled

3- shows the fixing and adding of a gutter system to take the rain from the building.

You will also see a quote from lowes for these materials adding up to over \$5,000.00 not including the gutter.

- We are also wanting to add to this phase the painting of the alley wall and back wall of the building once it is sealed, however we are entertaining ideas and offers to light the alley up and to add painted murials.

Phase 3 in up coming months will focus on changing out the siding on the back wall and the alley wall..

Committee members present recommend that the applications be submitted to City Council for approval this evening.

(Note: On 06/02/2022 City Council approved contribution to both, Upshur County CVB and Foster Marketing Group, façade grant applications. Reminding each that they must obtain the proper building permits and turn in receipts of the actual cost for reimbursement from the grant program.)
