There was a Q & A with the Board regarding the letter of credit and Mrs. Jenkins verified that we do have to keep it in place. Mr. Rylands asked about the cost of diesel fuel and the possibility of storing it on location to be able to buy in bulk at lower costs. Discussion took place and it will continue to be considered.

Motion Randall/Rylands to approve the financial report. Motion carried.

D.3 Waste Collection Report - Mr. Arnold also reported on:

City of Buckhannon Waste Collection Board Report November 3, 2022

- I continue to work on the Waste Collection Strategic/Operational Plan.
- We have on of our road tractors a 2019 International at the shop in Elkins. It dropped a valve and took out the number one cylinder. This will be a substantial repair but is covered under warranty.
- We have one of our 2016 garbage trucks down with a broken push rod.
- We are still advertising for truck drivers and a mechanic. Waste Department has not been at full staff since June 2021.
- The Tire Amnesty Day went very well. They filled 3-box trailers.
- Waste Collection Employees really appreciated the Board, City Council, and Mayor's approval of the pay increases
- Cancel order for new garbage truck?

Without objection, Mayor Skinner moved *G.1 Revisit Financing of the Truck Cab & Chassis (Backorder)* to the table for discussion and/or vote. Mr. Arnold explained that the Truck Cab & Chassis that has been on order for several months keeps getting postponed. Mr. Arnold recommended cancelling the order and restructuring the way we collect waste which will require a different type of equipment (as addressed in the Waste Department Strategic/Operational Plan that was handed out by Mr. Arnold). Discussion took place.

Motion to cancel the order for the Truck Cab & Chassis, pursuant to there being no financial penalty, was made by Rylands/Randall. Motion carried.

Without objection, Mayor Skinner moved *G.4 Discussion/Possible Vote Waste Department Strategic/Operational Plan* to the table for discussion and/or vote. Mr. Arnold explained the draft Waste Department Strategic/Operational Plan that was handed out to the Board members, was the beginning of a long-range plan that he has begun developing and he would like the Boards approval to continue. A discussion of the various areas that has been studied and recommendations for improving operations took place. Also discussed was having conversations with other municipalities and private business to help with the study and plan development

Motion to move forward with the development of the Waste Department Strategic/Operational Plan was made by Rylands/Randall. Motion carried.

E. Correspondence and Information – Mayor Skinner reviewed the following items with the Board:

G. Strategic Issues for Discussion and/or Vote

- **G.1 Revisit Financing of the Truck Cab & Chassis (Back-order)** Action taken earlier in the meeting.
- **G.2 Financing of the 75 Cu. Yd. Closed Top Transfer Trailer** Mrs. Jenkins reported on the increase of interest rates and noted that we had ample funding on hand to pay for the 75 Cubic Yard Closed Top Transfer Trailer; we have made a deposit of \$6,500 with a balance due of \$59,263. We would save a significant amount of money by not financing it at this time.

October 31, 2022

Citizens Bank could no longer hold the interest rate of 2.5% that was quoted in December 2021.

I request that the Waste Board use contingency funds to pay for the closed top trailer from KNL Holdings LLC rather than soliciting banks for new quotes, which I feel will be around 4%.

The cost of the trailer new was \$65,848.00 less down payment of \$6584.80 that was made 8/23/21. Balance due is \$59,263.20

The bids were open August 2021. Financing was sought Dec 2021 because we knew it would be a few months to arrive, but it took until Oct 20, 2022 for delivery.

This expense will be in a budget adjustment for the November 2022 meeting.

Motion to pay the balance due of \$59,263 from existing funds was made by Skinner/Rylands. Motion carried.

G.3 Waste Collection Board Budget Revision – Mayor Skinner recognized Amby Jenkins who explained the requested Waste Collection Board Budget Revision that's a part of today's packet and answered questions for the Board.

Motion to approve the Waste Collection Board Budget Revision as presented was made by Rylands/Randall. Motion carried.

PUBLIC SERVICE COMMISSION OF WEST VIRGINIA CHARLESTON

At a session of the PUBLIC SERVICE COMMISSION OF WEST VIRGINIA in the City of Charleston on the 14^{th} day of October 2022.

MC GENERAL ORDER NO. 64.5

In the Matter of Revisions to the Rules Governing Motor Carriers, Private Commercial Carriers, and the Filing of Evidence of Insurance and Financial Responsibility by Motor Carriers, 150 C.S.R. 9

GENERAL ORDER NO. 183.12

In the Matter of Revisions to the Rules for the Construction and Filing of Tariffs, 150 C.S.R. 2

COMMISSION ORDER

The Commission provides guidance to motor carriers of solid waste regarding how to proceed under <u>W. Va. Code</u> § 24A-5-2a(d) to implement a rate increase under that statute to go into effect on or after January 1, 2023.

BACKGROUND AND DISCUSSION

On April 10, 2021, the West Virginia Legislature passed Enrolled Committee Substitute for House Bill 3129 (HB 3129) effective ninety days from passage. Among other things, HB 3129 amended subsection (d) of <u>W. Va. Code</u> § 24A-5-2a pertaining to the calculation of the allowable rate increase based on the percentage increase in the United States Department of Labor, Bureau of Labor Statistics, Garbage and Trash Collection Index (Index).

As revised, <u>W. Va. Code</u> § 24A-5-2a(d) permits a motor carrier collecting and hauling solid waste to change its rates on or after January 1, of each year, without filing an application for Commission approval, based on the percentage increase in the Index between September of the year preceding the effective date of the intended rate increase and September of the year prior to the year preceding the effective date of the intended rate increase (Relevant Time Period). The Commission has calculated the change in the Index for the Relevant Time Period for carriers seeking to revise rates on or after January 1, 2023. Specifically, the

Commission has calculated an Index change from September 2021, to September 2022, of 5.344% or an inflation factor of 1.05344.

Under the statute, a carrier cannot increase current residential or negotiated commercial rates more than 5.344% but may increase rates to be equal to or less than the change in the Index: However, such rate change should be stated clearly in the notice to customers and revised tariff. W.V.va.Code § 24A-5-2a(d).

Any motor carrier collecting and hauling solid waste that desires to increase its current rate pursuant to W.Va.Code § 24A-5-2a(d) should (i) provide its customers with adequate and timely notice of the rate increase and, (ii) file a revised tariff and proof of notice with the Commission. W.Va.Code § 24A-5-2a(d). Carriers should use the "Notice to Customers of a Rate Increase," Attachment A to this Order, fill in the information, including the effective date, and mail it to its customers at least thirty days prior to the rate increase taking effect. For a rate increase to take effect on January 1, 2023, a carrier must provide notice to customers no later than Friday, December 2, 2022. If a carrier is late in notifying customers, it may set the effective date for the rate increase thirty days after the date of notice.

After notifying customers, the carrier should file with the Commission: (i) a verified statement as to when it mailed notice to the customers and (ii) a revised tariff containing an increase of no more than the Index increase of 5.344% or an inflation factor of 1.05344 over current rates. If the Commission determines that a rate exceeds the increase in the Index for the Relevant Time Period, then the Commission may enter an order suspending the rate increase and the motor carrier will be entitled to a hearing pursuant to <u>W. Va. Code</u> § 24A-5-2a(d) or may correct its rates, and the Commission will lift the suspension and allow the corrected rates to go into effect.

FINDINGS OF FACT

- 1. For rate increases made pursuant to <u>W. Va. Code</u> § 24A-5-2a(d) and which are to be effective on or after January 1, 2023, the statutorily allowed percentage increase based on the Index is 5.344% or an inflation factor of 1.05344.
- Motor carriers collecting and hauling solid waste may increase their residential and previously negotiated commercial rates on or after January 1, of each year without filing an application with the Commission, provided the increase does not exceed the annual (year over year) percentage increase in the Index

published in September prior to the year of the rate increase and the motor carrier provides notice as directed by the Commission. <u>W. Va. Code</u> § 24A-5-2a(d).

- Motor carriers should give notice of the new rates to customers prior
 to the effective date of the increase and to the Commission in sufficient time to
 allow the Commission to review the rates to assure they comply with the statute.
 See <u>Id.</u>
- 4. The notice attached to this Order conforms with <u>W. Va. Code</u> § 24A-5-2a(d) and is pre-approved for a motor carrier to use in providing adequate notice to its customers of its intention to increase rates under <u>W. Va. Code</u> § 24A-5-2a(d).

CONCLUSIONS OF LAW

- To provide the Commission sufficient time to review the rates to assure that they comply with the statute and to review the actual notice given to customers, after notifying customers, but no later than thirty days prior to the effective date of the increased rates, the carrier should file with the Commission (i) a verified statement as to when it mailed notice to the customers and, (ii) a revised tariff.
- If the Commission determines that a rate increase filed pursuant to <u>W. Va. Code</u> § 24A-5-2a(d) is in excess of the increase in the Index for the Relevant Time Period as prescribed in the statute, it may enter an order suspending the rate increase. <u>W. Va. Code</u> § 24A-5-2a(d).

ORDER

IT IS THEREFORE ORDERED that a rate increase in 2023 for any motor carrier of solid waste that elects to increase rates under <u>W. Va. Code</u> § 24A-5-2a(d) shall not exceed the Index increase of 5.344% or an inflation factor of 1.05344 over current rates.

IT IS FURTHER ORDERED that the Commission approves the notice attached as Attachment A for use by motor carriers of solid waste seeking to increase rates under <u>W. Va. Code</u> § 24A-5-2a(d) until further Order of the Commission.

IT IS FURTHER ORDERED that any motor carrier of solid waste that elects to increase rates under W. Va. Code § 24A-5-2a(d) to take effect on January 1, 2023, shall provide notice to its customers in the form of Attachment A to this

Attachment A

NOTICE TO CUSTOMERS OF RATE INCREASE

Provides notice that it will increase its rates (excluding fuel and tipping fee surcharges) not to exceed the 5.344 percentage increase in the United States Department of Labor, Bureau of Labor Statistics, Garbage and Trash Collection Index from September 2021 to September 2022, as calculated by the Public Service Commission in M.C. General Order No. 64.5 and General Order No. 183.12

The increased residential and negotiated commercial tariff rates as shown in the table below will take effect on

	Present Rate	Proposed Rate	\$\$\$ Increase	Percent Increase
RATES:			Jittalka slove to	
Residential Base Rates				
Commercial Rates				

This increase will be implemented pursuant to $\underline{W.Va.\ Code} \ \$ 24A-5-2a(d) which specifies that an annual rate increase is permitted without the filing of an application for approval by the Public Service Commission provided that notice is given to customers and the increase is not greater than the preceding September year over year increase in the Garbage and Trash Collection Index.

Order, by mail no later than Friday, December 2, 2022. If notices are mailed after December 2, 2022, the intended rate increases shall take effect thirty days after the date of notice.

IT IS FURTHER ORDERED that immediately after providing notice to its customers, a motor carrier shall provide notice of its intent to increase rates under <u>W. Va. Code</u> § 24A-5-2a(d) to the Commission by filing (i) a verified statement as to when it mailed notice to its customers, and (ii) a revised tariff.

IT IS FURTHER ORDERED that the Executive Secretary serve a copy of this Order on all motor carriers of solid waste by electronic service if e-service agreements are on file, or by United States First Class Mail and on Staff by hand delivery.

A True Copy, Teste,
