**A. Call to Order:** Mayor Robbie Skinner called the regular meeting of the Buckhannon City Council for January 19, 2023 to order. The Mayor then asked all to join him in a Moment of Silence followed by Mr. Jeff Perkins leading all in the Pledge to the Flag of the United States of America.

**A.3** Mayor's State of the City Address – Mayor Skinner delivered the following State of The City Address:

Members of City Council, department directors, administration, staff, business owners, and residents of our City of Buckhannon: Good evening and thank you for joining us as we highlight the many projects and accomplishments we've celebrated over the past year together and share excitement for the future of our City in 2023.

I've had the honor and privilege of serving as Mayor of our hometown since July 1, 2020, and although we've shared good times together, we cannot deny that these past few years have each posed their own difficulties and challenge, but still our community, and the wonderful people who call our City of Buckhannon home, continue to preserve.

One year ago, the start of the year 2022 gave us hope. The world-wide COVID-19 pandemic was beginning to loosen its grip. Businesses, churches, holiday, and social get-togethers were finally gaining the confidence of returning to in-person gatherings; a sense of normal. We welcomed back a full, 10-day-long West Virginia Strawberry Festival, and it was a lot of fun! Our city beamed with pride as we were finally able to show off our Strawberry Spirit for the fifty plus thousand people who flock to Buckhannon to enjoy the unofficial kick off to summer in North-Central West Virginia. As Mayor, I joined the West Virginia Strawberry Festival Board of Directors in 2022, and I am proud to report that, under the direction of President Shane Jenkins, our festival organization is in the best shape that it's been in many years. We're looking forward to another great festival in 2023!

We welcomed more new businesses to town including The Coop, Mountain Chic Boutique, Brightside, and Moonflower – all on Main Street, and elsewhere throughout the community: The Outpost, owned by Aaron and Tasha Harris, People's Bank, Shop N' Save, CP Imagery, The Tanning Hut, ParMar Stores, Mizu Japanese Steakhouse, and Sam's Southern Sea Food all opened in 2022. Additionally, several more businesses improved upon their existing footprints, or took on major expansions, including the return of Sweet-A-Licious. Devastated by fire in 2021, Michelle Jack now has the perfect location across the street from Jawbone Park. Citizens Bank of West Virginia purchased Community Bank and are remodeling our former fire station on Locust Street to add more offices, thus creating more jobs. Community Care of West Virginia purchased and remodeled the former Citizens Bank location. Buffalo Wild Wings and First Community Bank both underwent complete interior renovations. Wendling's Food Service continued to expand, adding more job opportunities – further proving the Upshur County IS a great place to live, work, and invest!

Though many positives have taken place, we cannot deny that our community is changing. Nostalgic businesses have closed – some due to retirements, and some due to uncontrollable external factors. Thompson's & Miller's Pharmacies, and Andregg's Jewelers on Main Street closed early in 2022. Those three businesses represent a legacy of over 200 years combined on Main Street. We wish Doug and Yvonne Stewart, John Miller, and Jake Andregg happy and healthy retirements. Speaking of Andregg's, though, have you heard the news? Yours truly will be opening a jewelry store in the same location on Main Street this spring. I'm excited to continue Jake's legacy and do my part to help keep Main Street vibrant and beautiful. Chris Brake also decided to embark on retirement, which resulted in the closure of Brake's Dairy King. BUT... the Outpost on Brushy Fork Road has many of Brake's favorites offered daily. Finally, the end of 2022 brought additional sadness, and state-wide outcry, with the closure of one of our most-well-known local staples: The Donut Shop. BUT... I learned just today that an announcement will be made very soon regarding its come back.

Building on the positive momentum of from our business community, we are excited to see the light at the end of the tunnel with our Colonial Theater project. We've made significant progress in 2022 toward completing project, which should open very soon as a fully renovated, state-of-the-art public entertainment space adding yet another amazing asset to our beautiful Downtown. In September, following significant discussion and community conversation, City Council finalized the architectural plans for our new, also state-of-the-art Stockert Youth & Community Center's new multi-purpose facility. We plan to break ground on this facility later this year. It's been a long time coming, but we're thrilled to be able to offer additional space for our youth to enjoy recreation. We couldn't have done without the guidance and leadership of our Stockert Board of Directors, generous donors, and community members. Thank you!

I want to now provide updates from several internal city departments; highlighting what has been accomplished, and some of the goals we have as we look to our future:

## CITY POLICE DEPARTMENT:

Chief Gregory and his officers have completed their first full year of CALEA Accreditation (that is the Commission on Accreditation for Law Enforcement Agencies). This continues to be a HUGE honor, and we could not be prouder of our officers for all their hard work and dedication to seeing this process through and continuing to maintain this status.

The department has been working on bringing back a Citizens Police Academy – set to begin on February 7. This opportunity will be utilized for not only training our new VIPS volunteers, but also giving the general public a unique perspective into the inner workings of the police department. Classes will meet every Tuesday for six weeks. Participants then can attend CERT training for an additional four weeks.

In 2022, we hired three additional police officers. These young men are now at the West Virginia State Police Academy in Charleston for the next 15 weeks. Following their graduation in the spring, they will return to Buckhannon and finish their training with our field training program. Once field training is complete, the police department will finally be back to a fully trained staff, something which hasn't occurred for six years.

Additionally, department acquired a "use-of-force simulator and is in the process of fielding this very useful piece of training equipment into our training programs and operations. This equipment allows officers more realistic scenario-based training exercises, thus helping them make better decisions to keep them and the public safer.

#### **<u>CITY FIRE DEPARTMENT:</u>**

Chief Kimble and our BFD members had another busy year; responding to 1,218 total calls in 2022; down 75 calls from 2021. In those calls, our fire fighters assisted in delivering three babies, and resuscitated four patients through CPR.

In March, we were thrilled to receive our brand new, custom-built fire engine (Engine 11) from the Sutphin Corporation in Columbus, Ohio. The engine cost roughly ¾ of a million dollars and has proven to be a great asset to our fire department fleet so far.

Like the CALEA Accreditation at the Police Department, our Fire Department continues to work toward CFAI Accreditation (that is the Commission on Fire Accreditation International). This is a much slower process than the police department because it is data driven vs. policy driven.

In December, we received excellent news that our community's ISO rating was reduced from a 4 to a 3. The scale is from 1 to 10, with 1 being the best, and 10 being the worst. For every level reduced, both residential and commercial property insurance premiums go down resulting in a savings for property owners. A community ISO rating is calculated after reviewing both the fire and water departments.

Also in December, John Brugnoli and Tanner Smith passed their exam to be promoted to Lieutenants. We extend congratulations to them and thank them for their pursuit to always improve their skills.

## SANITATION DEPARTMENT:

Ethan Crosten and his crews have been busy laying the groundwork on our new Madison Street green space and parking area. They've added over 200 feet of storm sewer and over 700 feet of main and service lines in order to serve vendors for fairs and festivals. I should mention that this project is a citywide, team effort. Our Water and Street Departments are also very involved, coordinating resources, saving money to create a nice addition to Downtown.

Other projects throughout the city include adding storm water collection and sewer main upgrades to Shawnee Drive, and College Avenue near the corner of Lumber Street. Last summer, our crews worked with West Virginia Wesleyan College to repair a major sink hole on campus – thus adding a long-term fix to line that previously had a catastrophic failure.

We purchased a new mini-excavator and added two more class two operators and we're working toward adding four more CDL drivers.

#### WATER DEPARTMENT:

Kelly Arnold and his crews have been busy making upgrades all over town. Some of these include: the installation of a new domestic and fire service to Battle Green Company on Brushy Fork Road. A new fire service was installed at Buckhannon Christian Academy, also on Brushy Fork. Crews worked with our fire department members to install new fire service lines on Mudlick Road – the site of our future fire training facility. An 8" main line was replaced at the entrance of Sam's Pizza. (I should add, Commissioner Sam Nolte, and owner of Sam's Pizza, was very complementary of the job). We

rehabilitated the Tennerton storage tank using \$134,000 of ARPA funds that provides critical fire suppression to Buckhannon-Upshur High School. We also relocated an 8" line Raella Lane, lowered a line 6" for sewer department on Shawnee Drive, installed a 2" main line for our new green house, and added a new 2' line on Vicksburg Road for a new residential development.

A total of 38 leaks were repaired, 15 new services were installed, 16 new valves installed, and numerous plant improvements were made – adding to the crucial longevity of our facility on Wood Street. Finally, our water loss rate continues to be one of the best in the state – sitting at well under 10%.

#### STREET & WASTE DEPARTMENTS:

Brad Hawkins and his guys have been working on installing thousands of feet of new ADA compliant sidewalks on West Main Street, North & South Kanawha Street, North Spring Street, Willard Way, and South Florida Street, shaping the landscape at the Madison Street project, and widening North Kanawha Street. Several paving projects were completed including: Smithfield, Gum, Lightburn, North Spring, West Lincoln, Second, and Latham Streets. Once the sidewalks are complete on South Kanawha Street, the stretch from First Community Bank to the Triangle will also be paved.

Replacing street signs continues to be a priority (and I get to help with that project). We completed the construction of our new 30'X130' city greenhouse. Dixie Green, or City Horticulturalist, did a FANTASTIC job on the flowers in 2022. Downtown looked as beautiful last year, as it ever did!

The Waste Collection Department finalized the implementation of the toter-cart system, making waste collections safer and more efficient. Jerry and the Waste Collection Board have been working on a comprehensive strategic plan to implement new operational solutions to increase efficiency with more automated systems.

#### ENGINEERING:

City Engineer Jay Hollen continues to be one of organization's busiest bees. When it comes to receiving and administering grant funding, there's no one like Jay. To highlight some of Jay's work, I'll do my best to summarize:

Work continues, and should be completed prior to June 30, 2023, on the Gateway West Sidewalk and Lighting Improvement Project. The estimated cost of the completed Project is \$625,840, of which the city is only responsible for \$125,168.

Work continues, and should be completed prior to June 30, 2023, on the design phase of the Poundstone Multi-Use Trail Extension project from the Marion Street / Railroad Avenue intersection to the Wood Street / Preston Street intersection. The estimated cost of the completed project is \$50,000, of which the city is responsible for \$10,000.

Upon completion of the design phase and review / approval from the DOH, the construction phase of the Poundstone Multi-Use Trail Extension project will begin. The estimated cost of the construction phase is \$240,785, of which the City is only be responsible for \$48,157.

Work continues on the detailed design, which includes the project specifications and drawings, of the Stockert Youth & Community Center's Multi-Use Facility. We anticipate the contract documents will be completed by late Spring or early Summer.

In the very near future, the Water Department will begin construction on the new waterline project along Route 20 South near Stoney Run required for the new Tennerton Booster Station Building. The project is being undertaken using ARPA funding. The estimated cost of the project was \$271,150, of which the city was responsible for \$0.00.

Also, in the very near future, the Water Department will begin construction, via a contractor, on the new Tennerton Booster Station Building project along Route 20 in the Tractor Supply Complex. The project is being undertaken using ARPA funding.

In the very near future, the Sewer Department will begin construction on the new sanitary sewer collection system along Taylor Street. The project is being undertaken using ARPA funding. The estimated cost for the new sanitary sewer collection system is \$577,742, of which the city was responsible for \$0.00.

In the very near future, the Sewer Department will advertise, bid and begin construction, via a contractor, on the new sanitary sewer collection system along North Locust Street. The project is being

undertaken using ARPA funding. The estimated cost for the new sanitary sewer collection system is \$291,643, of which the City was responsible for \$0.00.

#### \*\*\*END DIRECTOR REPORTS\*\*\*

In addition to the department heads listed above, Finance & Administration Director Amby Jenkins is truly an invaluable resource for our city. She is in this building before the sun comes up and doesn't leave until long after the sun goes down. By the way, I'm not talking about winter sunrise and sunset references. If it were mid-June, when the sun comes up at 6am and doesn't go down until after 9pm, the same is true. She has dedicated her life to the betterment of this organization, and we will never be able to thank her enough.

City Attorney Tom O'Neill, Stockert Youth Director Deborah Brockleman, Colonial Arts Center Director Anne Wilson, and Building Code and Enforcement Officer Vincent Smith all play integral roles in taking our projects from discussions to finished products.

As you can see, we have been extremely busy, but we wouldn't want it any other way! Our team includes nearly 100 men and women who come to work every day – all for one goal: to serve our community. To signify our appreciation, Council approved the largest comprehensive pay increases to our employees in the history of the city. Over \$700,000 of annual payroll improvements was spread out to every single employee. To everyone who works here: We want YOU to know that YOU are appreciated for everything YOU do!

Over the course of this next year, one of our main goals is to comprehensively look at our city parks and make some much needed improvements. We have done a great job developing the Jawbone Park area, but our City Park on Park Street, and our other five public parks also need our attention. In 2022, the city's first ever Parks & Recreation Board was created by ordinance, and the members of this board are set to have their first meeting next week. I am confident that this energetic group will help us realize our goal of improving all parks.

Council, as we work on our 2023-2024 general fund budget, I am asking that we consider an allocation of funds to support the efforts and suggestions of our board and committee members toward improving our parks and recreational facilities.

Finally tonight, I want to say I am proud of my colleagues on this City Council. Each one of you brings a wealth of knowledge and unique perspective to the table. I appreciate your friendship, guidance, discussions, and even disagreements. Our community is a better place because of the conversations held here, and the diverse opinions and backgrounds that guide us forward.

And so, to the citizens and business owners of this wonderful community, I am proud to report to you tonight that the State of our City is strong. We are well-positioned for the future, and I am confident we will continue to be one of "America's Best Small Towns!" It is truly my honor to serve my hometown, the City of Buckhannon, as your Mayor, and I cannot thank all of you enough for your support, love, encouragement, guidance, advice, and prayers most importantly. Let's bring on 2023!

May God continue to bless our City of Buckhannon, State of West Virginia, and the United States of America!

Thank you.

Mayor Robert N. Skinner, III

#### B. Recognized Guests: None

The Mayor asked if any persons would like to address Council. There were no requests and at 7:21 PM, Mayor Skinner proclaimed the Recognized Guests and Public Comments portion of the meeting as closed.

## C. Department & Board Reports

**C.1 Public Works Director- Jerry Arnold:** Mr. Arnold was recognized by the Mayor and presented the following to Council:

#### Buckhannon City Council

Public Works Director Report January 19, 2023 Jerry Arnold

## Director Arnold:

- I conducted our first Federal Motor Carriers Safety Administration Entry Level Driver Training orientation on Tuesday. We have 12 employees enrolled.
- I will be assisting in the razing of the structures on E. Victoria Street next week for the UCBOE (pending approval by Council).
- I am also working on configuring and setup of our new telemetric system on our fleet vehicles.
- I have received 2-quotes on the new fence along the SYCC side on the Florida Street.
- We will be meeting with the WVDOH next Wednesday to discuss their plans to replace the storm sewer on Marion Street.

### <u>Street:</u>

• Travis Carpenter and I have started working on the electrical service at the Madison Street Lot.

#### <u>Sewer:</u>

- The sewer component of the Shawnee Project has been completed.
- Crews are investigating the infiltration on the sewer installed on the former JF Allen property.
- Replaced a drop inlet on Railroad Avenue.
- Will be constructing a section of new storm sewer at Amelia Drive as part of the GWW Project.

#### Water:

• Repairing damage incurred during the freezing weather the first of the month.

## <u>Waste:</u>

• I continue to work on the comprehensive plan for waste collection operations.

#### <u>Engineering:</u>

- Elizabeth J. "Binky" Poundstone Riverwalk Trail Extension No. 4 Continuing to work on the design on the 1,000 LF extension of the walking trail from Marion Street to the Preston Street / Wood Street. The on-site kick off meeting with the WVDOH was held on December 1, 2022, to discuss the scope and alignment of the project.
- The WVDOH is going to allow engineering design money to be used to survey the exact location of the Railroad Avenue Right-of-Way to ensure that the multi-use path is located on city property.
- Jay reviewed and corrected the RFP for theatre seating for the CAC.

A Q & A with Council Members took place regarding the extension of the trail systems, street and sidewalk work, and the Colonial Arts Center and items for the new SYCC multipurpose building.

# Without objection, *F.1 Approval/Authorization to Attend Auction & Bid on items for the SYCC and CAC* was moved to the table for discussion and/or vote.

Specific discussion centered on Council giving Mr. Arnold the authority to attend the upcoming auction & bid on items for the SYCC and CAC. It was further discussed that we could set the ceiling for bids in Executive Session (allowed by state law) so not to give an advantage to another party that is bidding.

Motion to approve and authorize Jerry Arnold and Jay Hollen to attend the auction at Peterstown Middle School in Peterstown, WV as discussed & bid on items for the SYCC and CAC with the ceiling of bids to be set in an Executive Session was made by Rylands/Thomas. Motion carried.

# Without objection, *F.2 Approval Letter of Request from UCBOE for Assistance in the Demolition Project at 11 E Victoria Street* was moved to the table for discussion and/or vote.

Mayor Skinner recognized Mr. Jeffrey Perkins of the UCBOE and provided an overview of the request (also outlined in the letter included in the packet) and pursuant to the letter of agreement as drafted by City Attorney Tom O'Neill.

Motion to approve request from the UCBOE for the City to assist in the demolition project at 11 E Victoria Street, Buckhannon WV 26201 and approve the Mayor to execute the letter of agreement as drafted by City Attorney Tom O'Neill was made by McCauley/Rylands. Motion carried. *Index City A334*

January 10, 2023

Dear Mayor Skinner and Members of the Buckhannon City Council,

Please accept this letter as our written request for assistance in expanding the green space and playground area at Buckhannon Academy Elementary School (BAES). As you may recall, the City of Buckhannon assisted in the expansion of the parking area in front of our Board Office on 102 Smithfield Street by helping us to tear down a large, metal structure. We request assistance once again, in a project that will benefit both the city and the schools. We request your assistance in the demolition of our property located at 11 East Victoria Street. All associated costs, including tipping and disposal fees, will be assumed by the Upshur County Board of Education.

This demolition project will benefit our 740 students who are currently enrolled at BAES, where the blacktop and concrete now serve as the primary play area. We understand the relationship between green spaces and mental well-being in children and that green spaces can significantly benefit children's social, emotional, and physical development. The Upshur County Board of Education and the City of Buckhannon have a long-standing positive relationship and enjoy sharing spaces and resources.

Thank you for your consideration of this request.

Sincerely,

Xeha Darns Dr. Debra Harrison

Dr. Debra Harrison Superintendent, Upshur County Schools 102 Smithfield Street Buckhannon, West Virginia 26201

19 January 2023

Dear Dr. Harrison,

The purpose of this letter is to serve as an Agreement by which the Upshur County Board of Education ("Board") and the City of Buckhannon ("City") will undertake the labor to raze a structure located upon certain Board property, being that structure located adjacent to Buckhannon Academy Elementary School at 11 East Victoria Street and identified on the records of the Assessor of Upshur County as being Corporation District, Map 10, Parcel 43 (the "Subject Property"), in exchange for certain assurances from the Board.

The City agrees that it will undertake the razing of the structure on the Subject Property, including the costs for labor associated with debris removal (except for any tipping fees or thirdparty costs the City may incur to dispose of any refuse generated by the razing or any materials located within the structure, which the Board will reimburse to the City). The Board will indemnify and hold City harmless for any damages incurred by any party as a result of the City's activities on Board property.

The Board is responsible for acquiring all necessary permits and authorizations for the razing, as well as securing and funding any required asbestos testing and abatement on the Subject Property prior to the commencement of the City's work.

The City agrees that, once the structure is razed, it will grade and level the Subject Property in preparation for the Board's final preparation of the Subject Property as an extension of the physical plant for Buckhannon Academy Elementary School, including its use as student recreational space.

The City of Buckhannon supports the mission of the Upshur County Board of Education, and we trust that further mutually beneficial collaborations may be identified and carried to fruition. City Council Report 1/19/23

- Our new officers (Loudin, Warner, and Major) began police academy training on Monday, January 16. Their training will last 15 weeks, at which time they will return to Buckhannon and complete field training under the guidance of our Field Training Officers. We anticipate them being ready to work on their own by Mid-May.
- 2. The police department will host two interns this Spring semester. Our interns are Madysan Chisholm and Caden Rohrbough, both students at WVWC.
- 3. The police department will be hosting a Citizens Police Academy beginning on February 7. The Citizens Academy will meet each Tuesday at 6:00 p.m. for about two hours and will conclude on March 14. Participants then have the opportunity to attend CERT training, which will take place from March 21 – April 15. This training is utilized to train our VIPS volunteers, but is also open to the public.
- 4. Work continues on maintaining our CALEA accreditation with ten time-sensitive projects being due in the month of January. Many of these time-sensitive initiatives include analytical reports, as well as the filing of the police department's annual CIMRS report.
- Planning continues for WAMSB as we work to solidify the various IAPs required for this event. Work also continues on solidifying the support from the various external and volunteer agencies needed for this event.

## **County acquires 10 parcels of land lining Chancery Street**

BUCKHANNON – Upshur County Commissioners on Thursday announced they have made a significant investment in the county's future with the purchase of 10 parcels of land that line Chancery Street.

According to records in the Upshur County Clerk's Office, the commission acquired the 10 parcels of land along Chancery Street for \$400,000 from grantor Gary W. Evans via a deed executed Dec. 19, 2022.

At its last meeting of 2022, commissioners announced negotiations with the property owner had concluded but said they would not release more information until a formal signing of the purchase agreement had occurred.

At Thursday's meeting, they were prepared to release more details.

The Procedures Manual for Procuring and Conducting Audits and Reviews of Local Governments and the written audit proposal of the firm selected are by reference incorporated into the contract. The contract may only be amended by written agreement of the Chief Inspector, the CPA, and the Entity. Nothing berefin precludes the issuance of a standard governmental audit agreement letter. However, said letter may not alter or modify any provision of the proposal, procedures manual or this contract.
- 5. It is agreed that the CPA bears ultimate responsibility for determining, and will conduct and submit the audit and report for, the type of audit/review required of the entity in accordance with the requirements as specified in section 1.6 of the *Procedures Manual for Procuring and Conducting Audit and Reviews of Local Governments*. It is agreed that the stated contract price is all inclusive and will not be adjusted except for unusual situations which require a significant expansion to the scope of the audit/review. In such case the CPA shall immediately notify the Chief Inspector in writing, providing documentation of the factors and the requested amount of fee adjustment. Such fee adjustments are subject to the review, revision and approval of the Chief Inspector.
- 6. It is agreed that the CPA's relationship with the entity is limited to that of an independent contractor/vendor. As such, the entity has right to seek redress to recover damages or losses arising directly out of error, omission, negligent act or the failure to exercise professional care on the part of the CPA, its subcontractor and/or joint venture parties.
- The Uniform Contract shall be construed, interpreted and the rights of all parties determined in accordance with the laws of the State of West Virginia. The CPA further shall obey or satisfy all lawful rules, regulations, and requirements issued or promulgated under the laws of any duly authorized State or Federal officials.
- 8. It is agreed that the CPA shall remain an independent contractor with respect to all services performed hereunder and shall accept full exclusive liability for all payments of any contributions or taxes for social security, unemployment benefits, workers' compensation benefits, pensions and annuities now or hereafter imposed under any state or federal laws which are measured by the wages, salaries or other remuneration paid to persons employed by the CPA on work performed under any Chief Inspector approved Uniform Contract to Aud/UReview Pinancial Statements. The CPA shall indemnify and hold harmless the entity and the Chief Inspector from any contributions, taxes or liability referred to in this article.

Mayor Skinner asked for approval of the Consent Agenda as presented.

## The motion to approve the Consent Agenda as presented was made by Sanders/Bucklew. Motion carried.

### F. Strategic Issues for Discussion and/or Vote

**F.1** Approval/Authorization to Attend Auction & Bid on items for the SYCC and CAC – Action taken earlier in the meeting.

**F.2** Approval Letter of Request from UCBOE for Assistance in the Demolition Project at 11 E Victoria Street – Action taken earlier in the meeting.

**F.3** Approval Bid Solicitation -Seating for the Colonial Arts Center – Action taken earlier in the meeting.

## G. Comments and Announcements:

- **Pamela Bucklew:** Mrs. Bucklew stated it was a great meeting and is proud of the positivity in Buckhannon.
- **David McCauley:** Mr. McCauley had some questions about the property that the county has recently acquired. Mayor Skinner noted that will be discussed in our Executive Session. Mr. McCauley also noted the passing of Dr. Lynn Rupp. He asked that we keep her family in our hearts.
- **Jack Reger:** Mr. Reger commended Mayor Skinner on his State of the City Address. He also complimented both Chief Gregory and Chief Kimble on their great work.
- **Dave Thomas:** Mr. Thomas commended Chief Gregory on his report. He commended all the city employees. On a personal note, Mr. Thomas announced his ninth grandchild is on the way.
- **CJ Rylands:** Mr. Rylands noted all the great things that are happening and feels that it is the result of good planning and encourages us to continue that moving forward. He congratulated the citizens on the community's successes.
- **Randall Sanders:** Mr. Sanders announced that he had recently attended the Miss Universe Pageant in New Orleans and while there he had a conversation with Margaret Gardiner who was Miss Universe 1978, the first South African woman to win the Miss Universe title. Sanders noted that during her reign she appeared in the WV Strawberry Festival's Grand Feature Parade as a special guest. He noted that Ms. Gardiner remembered her visit to Buckhannon and the WV Strawberry Festival, proving that we do make lasting impressions on those who visit our community.

**H.** Mayor's Comments and Announcements: Mayor Skinner thanked all for a very good meeting and called for a motion to adjourn into Executive Session to discuss property matters.
