City of Buckhannon Water Board Meeting Agenda 7:30 AM Thursday, February 13, 2025 Council Chambers | 70 East Main Street

- 1. Call to Order
- 2. Moment of Silent Reflection
- 3. Reciting the Pledge of Allegiance
- 4. Approval of Previous Meeting Minutes 01/09/2025, 01/30/2025
- 5. Announcement of Selection of the Water Department Superintendent
- 6. Report of Events, Correspondence, and Information
 - a. See Full Listing in the Water Board Packet
- 7. Public Comment Motion to Open & Close Requested
- 8. Recognition of Guests
- 9. Financial Report Director of Finance Amberle Jenkins
 - a. January 2025
- 10. Department Report Water Department Superintendent Kelly Arnold
 - a. Monthly Water Department Report
 - b. Monthly Chemical Cost Summary Report

 - c. Monthly Unaccounted Water Loss Reportd. Update Tennerton Booster Station Project
 - e. Update ARPA Funds
 - f. M&H Apartments Cambridge Heights
- 11. Old Business Discussions:
 - a. BUAA Permanent ROW for Generator & Booster Station
 - b. Lease Agreement between COB & Cequel Communication/Altice RE: Equipment on North Buckhannon Water Tank Hill
 - c. Water Treatment Plant Project
- 12. New Business Discussions:
 - a. Payoff of the Portable Temporary Traffic Signal Lights
 - b. City Council Recommendation of Public Works Employee Classification System
 - Implementation of City Hall Office Employee Classification System
 - c. Implementation of City Hall Office Employee Classification System
 d. Deer Creek Ridge Resident Foundation Damage due to Waterline Leak
- 13. Board Members' Remarks and Announcements
- 14. Declaration of Adjournment

This agenda was certified by Mayor Robbie Skinner on Friday, February 7, 2025. *Those who participated in this meeting virtually used this link: https://global.gotomeeting.com/join/234619757, or by phone by calling 872) 240-3212, access code: 234-619-757.

- **1. Call to Order:** At 7:30 a.m., Mayor Robbie Skinner called the February 13, 2025, meeting of the Water Board to order.
- **2. Moment of Silent Reflection** Mayor Skinner invited those in attendance to join in silent reflection.
- **3. Reciting the Pledge of Allegiance –** Mayor Skinner led those in attendance in the Pledge of Allegiance.
- **5. Announcement of Selection of the Water Department Superintendent**—Mayor Skinner introduced and welcomed Tommy Rolenson as the newly named Water Department Superintendent, who will succeed the current Superintendent, Kelly Arnold.
- **4. Approval of Previous Meeting Minutes:** 01/09/2025, 01/30/2025 Mayor Skinner recognized that the meeting minutes of 01/09/2025 and 01/30/2025 were available for consideration and asked for corrections or approval as presented.

Nestor/Rizo motioned to approve the meeting minutes of 01/09/2025 and 01/30/2025 as presented. The motion carried.

- **6. Report of Events, Correspondence, and Information** Mayor Skinner reviewed the following with the Board:
 - a. Adrian P.S.D. Meeting Minutes-December 2024
 - b. Elkins Road P.S.D. Meeting Minutes- December 2024 & January 2025
 - c. Mt. Hope Water Association Meeting Minutes- December 2024

The P.S.D.'s meeting minutes were distributed to the board members as information sharing between the COB and the P.S.D's.

- d. WVPSC Notification -Reminder to report the Weekly Status Reporting of the Water Supply, Storage & Conditions
- e. WVPSC General Order #188.52-Maintenace of Fire Hydrants

PUBLIC SERVICE COMMISSION OF WEST VIRGINIA CHARLESTON

At a session of the PUBLIC SERVICE COMMISSION OF WEST VIRGINIA in the City of Charleston on the 9^{th} day of January 2025.

GENERAL ORDER NO. 188.52

In the matter of a rulemaking to amend the Rules for the Government of Water Utilities, 150 C.S.R. 7.

COMMISSION ORDER

The Commission issues final rules amending the <u>Rules for the Government of Water Utilities</u>, 150 C.S.R. 7 (<u>Water Rules</u>) to add rules addressing fire hydrant inspection, testing and marking.

BACKGROUND

Proposed and Final Rules

On June 30, 2023, the Commission opened Case No. 23-0555-W-GI as a General Investigation into the maintenance and testing of fire hydrants. The Commission ordered that all public utility owners of fire hydrants or who serve private fire hydrants provide certain information about their operation and maintenance of fire hydrants.

On January 4, 2024, Commission Staff (Staff) filed a Final Joint Staff Memorandum, which included an analysis of the data received and recommendations by Engineering Staff.

Staff recommended that the Commission revise the <u>Water Rules</u> to address hydrant inspection, testing, and marking. Comments on the Staff report and recommendations were filed by the Morgantown Utility Board (MUB), West Virginia-American Water Company (WVAWC), and the Commission Consumer Advocate Division (CAD). On March 1, 2024, the Commission closed the record in Case No. 23-0555-W-GI.

On March 19, 2024, the Commission, by Order, created the Fire Hydrant Maintenance and Testing Task Force (Hydrant Task Force) to recommend rules to govern the operation and maintenance of fire hydrants.¹

f. WVBPH Sanitary Survey (Inspection)

STATE OF WEST VIRGINIA DEPARTMENT OF HEALTH BUREAU FOR PUBLIC HEALTH OFFICE OF ENVIRONMENTAL HEALTH SERVICES

Sherri A. Young, DO, MBA, FAAFP Cabinet Secretary

Jason R. Frame Office Director

Kelly Arnold, Director Public Works, Administrative Contact BUCKHANNON WATER BOARD 70 East Main Street Buckhannon, WV 26201

> Re: Sanitary Survey

BUCKHANNON WATER BOARD

WV3304902 **Upshur County**

Dear Mr. Arnold:

On September 10, 2024 a Sanitary Survey was conducted of the referenced water system by a representative of the Fairmont District Office of the Office of Environmental Health Services (OEHS). This was performed in accordance with the requirements of the West Virginia Public Water System Legislative Rules. We would like to thank you and the site visit participants for the courtesy and assistance provided during the inspection of your public water supply system.

Eight major elements were reviewed in detail during this sanitary survey. The eight major elements are: source, treatment, distribution system, finished water storage, pumps/pump facilities and controls, monitoring/reporting/data verification, water system management/operation, and operator compliance with State requirements. Deficiencies found or recommendations made concerning these eight major elements are presented in the following sections.

Based upon review of the available records and visual examination of the facilities, the following significant deficiencies require your immediate attention. In accordance with West Virginia CSR 16-1-9a and federal rule 40 CFR 142.16 you must respond in writing no later than 30 days after receipt of this sanitary survey report indicating if your system will correct the significant deficiencies within 120 days. Your system must correct all significant deficiencies within 120 days and then submit a written confirmation that the corrections have been completed with details of how and on what date the corrections were made. If your system cannot correct all the

Sanitary Survey Buckhannon Water Board January 17, 2025 Page 2

significant deficiencies by the 120-day date, you must submit a corrective action plan with detailed plans and schedules for correcting all significant deficiencies including funding sources, if applicable. Failure to provide either the 30-day written response or the 120-day written notice of completion or the corrective action plan shall result in a notice of violation being issued.

Significant Deficiencies

A significant deficiency is defined as: "Any defect in a system's design components, operation, maintenance, or administration, as well as any failure or malfunction of any system component, that the department determines may cause an unacceptable public health risk; have the potential to cause the introduction of contamination into drinking water; or may adversely affect the reliable delivery of safe drinking water to the public."

FACILITY: VICTORIA HILL TANK #2

COMMENT: The storage tank overflow is not properly screened. (64CSR77-9.1.f.2) Please ensure proper screening is in place for the storage tank overflow.

SEE PHOTO:#1 FACILITY: CLOW TANK

COMMENT: The storage tank overflow is not properly screened. (64CSR77-9.1.f.2) Please ensure proper screening is in place for the storage tank overflow.

SEE PHOTO:#2
FACILITY: NORTH BUCKHANNON

COMMENT:The storage tank overflow is not properly screened. (64CSR77-9.1.f.2) Please ensure proper screening is in place for the storage tank overflow. SEE PHOTO:#3

Minor Deficiencies

The following observations made at the time of the survey don't fully meet the definition listed previously for significant deficiencies at the present time but have the potential to result in significant deficiencies in the near future if not addressed. WVDH strongly requests that the following minor deficiencies be addressed to help maintain compliance with primary drinking water regulations.

FACILITY: ALL DISTRIBUTION TANKS

COMMENT:All tank interiors were not inspected during this survey. Please ensure the system is performing sufficient internal cleaning of the storage tanks.

Sanitary Survey Buckhannon Water Board January 17, 2025 Page 3

FACILITY: ALL DISTRIBUTION TANKS

COMMENT: The system tank vents were not inspected as part of this survey (64CSR77-9,1,c and 9.1.h.) It is recommended that the system inspects all of the tank vents and if the screen is greater than 24 mesh, replace them with 24 mesh non-

FACILITY: MANAGEMENT AND OPERATIONS

COMMENT: The system has received monitoring/reporting violations since the last sanitary survey. (40CFR141.31 (a) and 64CSR3-12.1) Please ensure all monitoring/reporting is conducted to avoid future violations.

FACILITY: TREATMENT PLANT

COMMENT: The system does not have adequate algae control measures. Please ensure the system has adequate algae control measures.

Recommendations

The following observations made at the time of the survey have the potential to produce or to result in minor or significant deficiencies in the near future. WVDH recommends that the following be addressed to help maintain compliance with primary drinking water regulations.

FACILITY: ALL DISTRIBUTION TANKS

COMMENT: Tank hatches were not inspected during the survey. (64CSR77-1.9.d. It is recommended that the system inspect the hatches on all tanks and secure if

necessary.
FACILITY: STONEY RUN BPS

COMMENT:Standby power is not available for pumping facilities. (64CSR77-8.8.f) Please provide standby power for pumping facilities.

FACILITY: CLOW TANK

COMMENT: The storage tank is not adequately secured. (64CSR77-9.1.d) Please

ensure the storage tank is adequately secured.
FACILITY: TENNERTON, CLOW, N. BUCKHANNON, & VICTORIA HILL TANK #1 COMMENT: The system is not maintaining adequate corrosion control measures for the storage tanks in place. (64CSR77-9.1 and 9.1.p) Please ensure the system is maintaining in place adequate corrosion control measures for the storage tanks, FACILITY: TENNERTON & VICTORIA HILL TANK #1 & #2

COMMENT: The storage tanks do not have a proper access ladder. (64CSR77-9.1.k.1) Please ensure the storage tanks have a proper access ladder.

FACILITY: INTAKE-BUCKHANNON RIVER

COMMENT:Intake is not adequately able to function at multiple depths. (64CSR77-5.2.d.1) Please ensure the intake is adequately functioning at multiple depths.

Sanitary Survey Buckhannon Water Board January 17, 2025 Page 4

FACILITY: MANAGEMENT AND OPERATION
COMMENT:System does not have a current Emergency Water Supply Plan. Please

develop a current Emergency Water Supply Plan.
FACILITY: TREATMENT PLANT

COMMENT:The system has treatment units that are not in good physical condition and/or are close to the end of their useful service life. Please ensure all treatment units are in good physical condition and/or work toward an improvement plan project

Please consult with me on the items listed as "significant deficiencies" within 30 days of the receipt of this letter if needed, and **no later than February 16, 2025** provide your official 30-Day written response summarizing what actions you have taken or will take to address these items. If not corrected in 30 days, a "Corrective Action Plan" (CAP) is required to be submitted in 120 days, **no later than May 17, 2025**. Items listed as "minor" or as "recommendations" could eventually lead to more serious conditions, so the system should try to address them but does not need to include them in any written response.

Should you have any comments or questions concerning this report and its contents please contact me by email at mike.hawranick@wv.gov or by telephone at 304-641-5564.

Sincerely,

In Charanic Michael Hawranick, Engineer Associate(

Fairmont District Office

Environmental Engineering Division

Enclosure

- **7. Public Comment—Motion to Open & Close Requested** As no persons were present to present comments, no action by the Chair was necessary.
- 8. Recognition of Guests As no guests were present to be recognized, the Chair did not need to

take any action.

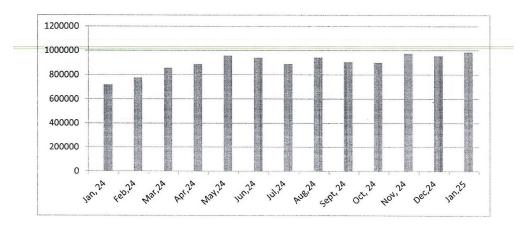

9. Financial Report—Director of Finance Amberle Jenkins - COB Office Manager Barbara Hinkle reviewed the financial reports for January 2025. Superintendent Arnold also provided an overview of certain larger expenses.

10. Department Report – Kelly Arnold provided the following reports:

a. Monthly Water Department Report—See the report. Mr. Arnold reported five leaks this month and noted a 15.06% YTD water loss. Discussion took place. Also discussed was the Hodgesville improvement project and its progress, which is largely unknown.

CITY OF BUCKHANNON WATER DEPARTMENT Monthly Report for January 2025

- Water leaks-5
- Weekly safety meetings.
- Locates.
- Renewed service 0
- New Services-0
- Residential meters changed-3
- Residential meters tested-0
- Meter change out.
- Cleared brush on right of ways.
- Installed new chlorine alarm.
- Intake problems.
- Maintenance equipment.
- Public Service District meters tested-0
- Meter testing.
- Meter barrel repairs.
- All meters were read in system
- Clearing brush and grass from right of ways and tank sites
- Clearing meter barrel lids.
- Cleaning out valve boxes
- Repair meter barrels
- Maintenance booster stations.
- GPS valves, services, leaks for past year.
- 80.3 million gallons of water treated for month of January 2.59 million a day.
- Cost per million gallons treated for January \$187.80
- 1,255 gallons of water hauled from plant.
- Off & On Reports / Customer complaints answered. 221
- Non-Payments
- Continue to work on back-flow/cross-conn. Program.
- Maintenance equipment.

- **d. Update Tennerton Booster Station Project** Jay Hollen noted that Contract B is complete. Contract A is still open but should be addressed soon.
- **e. Update ARPA Funds**—It still looks like we will have approximately \$103,000 left over to use for the design costs of the new Water Plant.
- f. M&H Apartments Cambridge Heights—Jerry Wamsley spoke about a history of service calls for freezing (fourteen calls in the past two years), failure of all but one hydrant, and service loss to the sprinklers throughout the apartment complex. The fire department has also made several calls, including a visit from the WV State Fire Marshall, who has given the building owners 14 days to get all fire suppression back online. Tomorrow is the next scheduled visit by the Fire Marshall. The problems are all on the customer's side of the meters, making it the owner's responsibility. Several options were discussed to mitigate the situation, but the realization was that the City of Buckhannon does not have an enforcement authority over this situation. Mayor Skinner suggested that we involve City Attorney Tom

O'Neill. The purpose of the discussion was to make everyone aware of the problem and to explore fees for excessive service calls by our various departments. Mr. Nestor suggested having Tom O'Neill send correspondence to the Fire Marshall to encourage a corrective resolution to the problem.

11. Old Business Discussions:

a. **BUAA Permanent ROW for Generator & Booster Station –** Jay Hollen provided an overview noting that the FAA would not allow the sale because the property was purchased with federal funds. The possible solution is to execute a permanent ROW.

Thomas/Rizo motioned to approve executing a permanent Right of Way (ROW) with the BUAA, FAA, and the City of Buckhannon for the Generator and Booster Station. The motion carried.

- b. Lease Agreement between COB & Cequel Communication/Altice RE: Equipment on North Buckhannon Water Tank Hill – Amby Jenkins provided an overview of the request for the extended lease and suggested that a representative of Cequel Communication/Altice attend a future Water Board meeting to discuss the request. The Board agreed. Mrs. Jenkins will make the arrangements.
- **c. Water Treatment Plant Project** Jay Hollen reported that Potesta & Associates is working on the preliminary engineering report and hopes to have it ready by late March or early April. They will attend the next Water Board meeting. Jay has also spoken with the real estate appraiser regarding the appraisal of the interested properties, and they hope to have it completed soon.

12. New Business Discussions:

a. Payoff of the Portable Temporary Traffic Signal Lights – Ethan Crosten provided an overview of this item, explaining that the system was being rented with the rental payments going toward the eventual purchase. The payoff is to be split between the Water and Sanitary departments. The Water Department's portion is \$5,800.00. No action is necessary as this is already a budgeted item.

At 8:19 a.m., Thomas/Rizo motioned to move into an Executive Session, per WV State Code § 6-9A-4, to discuss property and personnel issues. The motion carried.

At 9:02 a.m., Thomas/Rizo motioned to leave the Executive Session. The motion carried. Mayor Skinner explained that we had just left an Executive Session where we discussed both property and personnel issues. No decisions were made during the Executive Session.

b. City Council Recommendation of Public Works Employee Classification System

• 1.0 Purpose

This document is intended to set Job Classifications for the 4 public works departments (Sanitary Sewer, Water, Waste and Street). These classifications give a general outline of job descriptions which will be used to clearly outline responsibilities associated with the classification. In addition to outlining responsibilities, these classifications will also unify the City's departments to be equal compensation based on skill, responsibility, and application.

In addition, the classification clearly outlines how employees can move up in pay by obtaining necessary certifications and/ or experience. This is designed in such a way that employees will have a reason to stay committed to the City, as there is a path for progression. The classes are also set up in such a way that not every employee can be the highest class without a position becoming available. For example, Classification 7 is as high as any employee can go without becoming a supervisor in some capacity.

In order to maintain the current 'in house' approach the City implements pay rates must stay competitive. In the current job market, it is becoming increasingly difficult to attract and retain skilled employees. The City of Buckhannon must remain competitive in order to continue operations as it currently does.

• 2.0 Process

These Classification ranges were developed through researching current market rates for the same or similar positions from around the West Virginia. In certain cases, classifications were estimated based on responsibility due to lack of available information for specific positions in the City. Each classification has an opportunity to increase by 10% based on positive employee evaluations and performance. Once an employee achieves the high end of the range, the opportunity for pay increases would rely on obtaining necessary qualifications, which in turn lead to more responsibility, or cost of living increases. The classes are design like this to reward employees who are content and do an exceptional job in lower, but necessary classifications. The classification puts a limit on jobs which do not have as high of responsibilities or skills required, while still leaving room for improvement.

Employees who wish to increase wages have the opportunity to pursue qualifications

necessary for department operations. However, with increase qualifications comes increased responsibility. Employees will be able to contribute to operations more as they gain qualifications. Employees can progress until classification 7. After reaching that classification a supervisory position must become available for the employee to move further. Like every classification, there is a 10% range which the employee can continue to have opportunity for wage increases as performance allows.

Classifications ranges and the Market Rate for each Department are shown in the following tables.

Table 2.1 – Proposed Public Works Department Classifications

3.0 Classifications

Each department has developed 10 descriptions of classification based on this research. The classification requirements are shown in the following Tables. Classifications may not be uniform across all departments based on the same or similar skills. For example, a Class 3 Water Plant Operator is a higher classification than a Class 3 Wastewater Plant Operator. Classes are set up in this manner due to the market rates for the given qualification.

Class 1

Position is based on no experience or qualifications relevant to Department functions. Intended to serve as a training position to develop necessary skills for contribution to the Department.

Table 3.1 - Class 2

Departm	Job	Requirements
ent	Title	q
Sanitary	Labore	Position is for entry level employees who have shown improvement over the
	r /	first year of employment or

		items. Must posses or actively pursue a Class IV Water Operator License.

4.0 – Benefit of Classification System

This system will provide several financial and operation benefits, primarily through retention and attraction of qualified employees. Various studies have shown the average cost to replace an employee is ½ to 2 times the employee's salary. This cost is accrued by advertising, production lost during hiring, production lost during training, and paying for obtaining necessary qualifications.

The City of Buckhannon currently provides much of the upgrade work in house through all departments. Comparisons of Sanitary Sewer Projects (Table 4.1), Water projects (Table 4.2), and Street projects (Table 4.3) are shown based on the most recent information provided by contractors during bidding processes. In order to complete these project skilled employees must be on staff, employees who lack knowledge/ability are not capable of completing recent project that the City has recently undertook.

Table 4.1 – Sanitary Sewer Comparison

There are other issues with lack of employee attraction/ retention. Below is additional supporting information outlining the benefits of in-house maintenance and construction.

5.1 Facts Regarding Utility Privatization

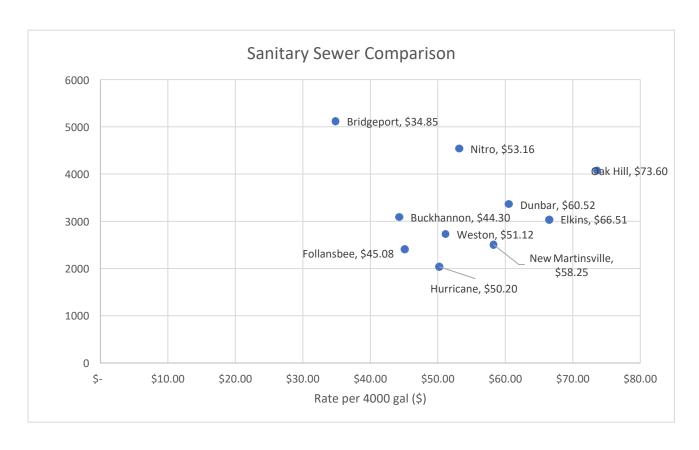

Below is an email from a reputable West Virginia Public Agency expressing concerns regarding privatization in the utility sector. This email was shared with association members in 2023 when private companies were looking to expand operations.

5.0 Current City of Buckhannon Rate Comparison

The City of Buckhannon currently has rates for water and sewer in the lower percentiles according to the West Virginia Public Service Commission's rankings for 2024. Water rates currently rank as the 35th lowest out of 335 water utilities (top 11 percentile) and Sewer Ranks 97 out of 309 sewer utilities (top 32 percentile).

These rates are further skewed when considering the utilities ahead of Buckhannon. A majority of utilities with lower rates have a significantly smaller customer base. Utilities with a smaller customer base often have less complex treatment plants and less extensive distribution and collection systems, all requiring greater maintenance. When Buckhannon is compared to utilities of similar customer based, it is far below. This is shown in Table 5.1 – Sewer Comparison and Table 5.2 – Water Comparison.

Table 5.1 - Sewer Rate Comparison

• 6.0 – Conclusion

In order to maintain the current operations, the City of Buckhannon runs, attraction and retention of employees must be a top priority. Not only do these increase support employees, but also help maintain low utility rates. The City of Buckhannon Public Works runs a highly complex operation for a municipality of it's size. With these wage increases, many positions will still be below the current market rate. With these increases employees can be held to a higher level of accountability, as they would be if part of a private organization. The hiring process will be enhanced as the competitive rates will attract higher quality candidates

Thomas/Nestor motion to approve the City Council Recommendation of Public Works Employee Classification System as presented. The motion carried.

c. Implementation of City Hall Office Employee Classification System

City Hall Administration Job Classifications

Classifications

Class 1- Entry Level - Must immediately learn Incode and Iworq software modules that are pertinent to the assigned job. Must have knowledge of how to operate Microsoft Word and Excel programs. Perform other office tasks as directed.

Class 2- Class 2 is for the employee(s) with at least 1 to 2 years of service and must have gained confidence in using all software programs expected at the entry level. Judgment and level of mistakes must have greatly reduced; shown to have gained more knowledge and understanding of operations within the city functions and can assist customers and answer commonly asked questions pertinent to the job assigned; learn the operation of equipment and be able to troubleshoot issues; effectively communicate with other staff members regarding office operations; makes use of downtime. Perform other office tasks as directed.

Class 3—This classification is for employees who have developed, earned, or have a skill that will immediately contribute to the department or a fulltime employee with 3-4 years of service; limited supervision on trained skills; gained and broadened their knowledge and understanding of operations within city functions; able to answer questions or know where to find answers that citizens may have; has minimal downtime and performs other office tasks as directed.

Class 4—This classification is for employees with 5 to 6 years of experience who can demonstrate efficiency, confidence, good communication, and improved skills related to their primary job and have successfully completed training on needed software pertinent to job duties. They also have the ability to effectively train incoming staff.

Class 5—This classification is for employees with 7 to 10 years of experience who can demonstrate a very high skill level of understanding and accuracy in their primary job with minimal supervision and who can effectively train incoming staff.

Class 6—This classification is for employees with 10+ years of experience who obtain high-level skills outside their primary job and are cross-trained on other duties within city hall. They can perform multiple high-level functions, must have organizational skills, can identify problem areas, and effectively communicate with superiors. This will require very little supervision.

City Hall Administration Job Descriptions

Job Descriptions		Minimum Salary	Maximum Salary
Office Manager (City Hall) - Under limited supervision, performs highly responsible advanced-level administrative support work in providing assistance to the Office Director (supervisor). Work involves independent responsibility for making limited policy interpretations in dealing with the public and acting with authority on office management and administrative functions in the absence of the supervisor. Responsibilities include high-level secretarial, clerical, office management, and general administrative duties with a primary emphasis on relieving the supervisor of administrative details. Work is performed in strict confidence and accordance with modern professional secretarial principles and techniques. Supervision may be exercised over subordinate office personnel. The Office Manager also evaluates office staff and develops office policies that follow the principles and techniques that comply with the Council, Boards, Public Service Commission, and WV State Code mandates. Other miscellaneous office tasks as directed.

Thomas/Nestor motion to approve the implementation of the City Hall Office Employee Classification System as presented. The motion carried.

d. Deer Creek Ridge Resident Foundation Damage due to Waterline Leak – No action was taken.

13. Board Members' Remarks and Announcements

Erasmo Rizo: Mr. Rizo had no further comments.

Dave Thomas: Mr. Thomas had no further comments.

Don Nestor: Mr. Nestor felt that we had a good discussion today. He reported that he had spoken to Brandon Tenney and mentioned our new water plant and the importance of the UCDA keeping our Board informed of future developments in the county to better plan for future needs.

Scott Randall: Mr. Randall had left the meeting.

Mayor Skinner: Mayor Skinner had no further comments.

No other comments were offered.

At 9:02 a.m., Thomas made a motion to adjourn.	
Mayor Robert N. Skinner III	
City Recorder Randall H. Sanders
