<u>ARTICLE I</u> DEFINITIONS; STATUTORY AUTHORITY; FINDINGS

Section 1.01. Authority for this Ordinance. This Ordinance is enacted pursuant to the provisions of Chapter 8, Article 19 of the Code of West Virginia, 1931, as amended (the "Act") and other applicable provisions of law.

<u>Section 1.02</u>. <u>Findings</u>. The Issuer hereby finds and determines as follows:

- A. The Issuer is a municipality and political subdivision of the State of West Virginia, in Upshur County of said State.
- B. The Issuer presently owns and operates a public waterworks system. It is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that the acquisition and construction of certain additions, improvements and betterments to the existing public waterworks system of the Issuer be undertaken, consisting of design and pre-construction activities, specifically including but not limited to some or all of the following, engineering, legal, accounting, appraisal and project administration services, land and easement acquisition and related activities in connection with the acquisition and construction of improvements to the waterworks system, and all appurtenant facilities (collectively, the "Project") (the existing public waterworks system of the Issuer, the Project and any further additions, betterments and improvements thereto are herein called the "System").
- C. The Issuer intends to permanently finance the costs of the Project through the issuance of future water revenue bonds pursuant to the Act.
- D. It is deemed necessary for the Issuer to issue its Water Revenue Bond Anticipation Note, Series 2025 (Tax Exempt), in the aggregate principal amount of not more than \$6,000,000 (the "Series 2025 Note"), to temporarily finance the costs of the Project. Such costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, upon the Series 2025 Note prior to and during acquisition of the Project and for a period not exceeding 6 months after completion of acquisition of the Project; engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2025 Note and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2025 Note or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.
- E. The period of usefulness of the System after completion of the Project is not less than 40 years.
- F. It is in the best interest of the Issuer that the Series 2025 Note be sold to the Lender pursuant to the terms and provisions as shall be approved by Certificate of Determinations of the Issuer.
- G. There are outstanding obligations of the Issuer secured by the Gross Revenues of the System, being the Issuer's Water Revenue Bonds, Series 2016 A (Tax Exempt), dated February 18, 2016, issued in the original principal amount of \$3,755,000 (the "Series 2016 A Bonds" or "Prior Bonds").

The Series 2025 Note shall be junior and subordinate to the Prior Bonds with respect to liens, pledge and source of and security for payment in all respects. - H. The Issuer derives Gross Revenues from the System which are pledged for payment of the Prior Bonds. Except for such pledge thereof to secure and pay the Prior Bonds, said Gross Revenues are not pledged or encumbered in any manner.
- I. The estimated Gross Revenues to be derived in each year after the date hereof from the operation of the System will be sufficient to provide for Operating Expenses of the System, for the payment of interest on the Series 2025 Note and the Prior Bonds, and to pay the principal on the Series 2025 Note and the Prior Bonds as and when it becomes due, and reasonable reserves therefore, to provide an adequate renewal and replacement fund, as hereinafter provided, and to make all other payments provided for in this Ordinance.
- J. It is in the best interests of the Issuer and the customers thereof, that the Series 2025 Note be issued, and the Series 2025 Note be secured by a pledge of revenue bonds or other obligations of the Issuer, issued subsequent to the Series 2025 Note and/or grant funds committed and available to the Issuer for the purposes of permanently financing the Project, and Surplus Revenues, if any, of the System.
- K. The Series 2025 Note and the Certificate of Authentication and Registration to be endorsed thereon are to be in substantially the form set forth in EXHIBIT A FORM OF SERIES 2025 NOTE, attached hereto and incorporated herein by reference, with necessary and appropriate variations,

omissions and insertions as permitted or required by this Ordinance or a Supplemental Resolution or as deemed necessary by the Registrar or the Issuer.

- L. All things necessary to make the Series 2025 Note, when authenticated by the Registrar and issued as in this Ordinance provided, the valid, binding and legal special obligation of the Issuer according to the import thereof, and to validly pledge and assign those funds pledged hereby to the payment of the principal of and interest on the Series 2025 Note will be timely done and duly performed.
- M. The enactment of this Ordinance, and the execution and issuance of the Series 2025 Note, subject to the terms thereof, will not result in any breach of, or constitute a default under, any instrument to which the Issuer is a party or by which it may be bound or affected.
- N. The Issuer has complied with all requirements of West Virginia law relating to the operation of the System, the issuance of the Series 2025 Note and the acquisition and construction of the Project or will have so complied prior to issuance of any thereof.
- Section 1.03. Ordinance Constitutes Contract. FEE SCHEDULE

(On File with Issuer)

THE CITY OF BUCKHANNON

TAX COMPLIANCE POLICIES

Purpose

Governmental issuers of tax-exempt and tax-credit bonds must comply with certain federal tax rules pertaining to expenditure of proceeds for qualified costs, rate of expenditure, use of bond financed property, investment of proceeds in compliance with arbitrage rules, and retention of records. The following policies are intended to establish compliance by The City of Buckhannon (the "Issuer"), as the issuer, with these rules in connection with the issuance of the Issuer's **Water Revenue Bond Anticipation Note, Series 2025 (Tax-Exempt)** (the "Tax-Exempt Bond"). It is understood and agreed by the Issuer, and the Issuer has covenanted to take all actions necessary to maintain the Tax-Exempt Bond as tax-exempt state and local bonds.

Tax Requirements Associated with Sale and Issuance of Bonds

Review and retention of tax documents related to the sale and issuance of Tax Exempt Bonds will be supervised by the Mayor or his or her designee (the "Oversight Officer").

• Form 8038-G (tax exempt bonds) will be reviewed and filed not later than the 15th day of the 2nd calendar month following the quarter in which the bonds were issued. Filing of appropriate version or versions of Form 8038-G will be confirmed with bond counsel.

Expenditure of Proceeds for Governmental Costs

Expenditure of bond proceeds will be reviewed by the Oversight Officer.

- Bond proceeds will be disbursed pursuant to the Bond Ordinance, and will be a
 written order of an Authorized Officer, stating the date, amount and purpose of the
 disbursement.
- Requisitions must identify the financed property in conformity with the Tax and Non-Arbitrage Certificate executed by the Issuer at closing, including any certifications as to the character and average economic life of the bond-financed property.
- Requisitions for costs that were paid prior to the issuance of the bonds are, in general, limited to costs paid subsequent to, or not more than 60 days prior to, the date a "declaration of intent" to reimburse the costs was adopted by the Issuer. If proceeds are used for reimbursement, a copy of the declaration will be obtained and included in the records for the Tax-Exempt Bond, if not already part of the bond transcript.
- Requisitions will be in accordance with expectations to spend or commit 5% of net sale proceeds within 6 months, to spend 85% of net sale proceeds within 3 years, and to proceed with due diligence to complete the project and fully spend the net sale proceeds. Expected expenditure schedules, project timelines, and plans and specifications will be maintained to support expectations. Reasons for failure to

meet the expected schedule will be documented and retained in the records for the Tax-Exempt Bond.

• If the 18-month spending exception to rebate applies, expenditure of gross proceeds will be monitored against the following schedule for the arbitrage rebate exception for the issue, if applicable:

15% within 6 months 60% within 12 months 100% within 18 months

• If the 2-year spending exception to rebate applies, expenditure of "available construction proceeds" will be monitored against the following schedule for the arbitrage rebate exception for construction issues if applicable:

10% within 6 months 45% within 12 months 75% within 18 months 100% within 24 months

Expenditure of Proceeds

In addition to the general review of expenditures described above, expenditure of proceeds of the Tax-Exempt Bond will be reviewed by the Oversight Officer.

- Reserve funds cannot exceed the least of 10% of bond proceeds, maximum annual debt service, or 125% of average annual debt service. The initial funding of any reserve fund will be measured against this limit.
- Only a small portion (5%) of the proceeds of Tax-Exempt Bond can be used for operating expenses or other "working capital" costs. Requisitions for costs of the Project will accordingly be monitored to confirm that they are for capital costs of the Project.
- Investment earnings on sale proceeds of the Tax-Exempt Bond will be tracked and will be requisitioned only for appropriate expenditures.

Use of Bond-Financed Property

Use of bond-financed property when completed and placed in service will be reviewed by the Oversight Officer.

- Average nonexempt use of bond-financed property over the life of the issue cannot exceed 10% of the proceeds.
- Agreements with business users or non-profit organizations for lease or management or services contracts, sponsored research, naming rights or any other potential nonexempt use of bond-financed property will be reviewed prior to execution of any contract to determine if property subject to the Bond Ordinance is bond-financed.
- Agreements with business users or other non-profit organizations for lease or management or services contracts or other private business use involving bond-financed property will be tracked and aggregated with other private business uses for compliance with the 10% limit, as set forth in the Tax and Non-Arbitrage Certificate.
- No item of bond-financed property will be sold or transferred to a nonexempt party without advance arrangement of a "remedial action" under the applicable Income Tax Regulations.

Investments and IRS Filings

Investment of bond proceeds in compliance with the arbitrage bond rules and rebate of arbitrage will be supervised by the Oversight Officer.

- Guaranteed investment contracts ("GIC") will be purchased only using the three-bid "safe harbor" of applicable Income Tax Regulations, in compliance with fee limitations on GIC brokers in the Income Tax Regulations.
- Other investments will be purchased only in market transactions.
- Calculations of rebate liability will be performed annually by outside consultants.
- Rebate payments will be made with Form 8038-T no later than 60 days after (a) each fifth anniversary of the date of issuance and (b) the final retirement of the issue. Compliance with rebate requirements will be reported to the bond trustee and the issuer.
- Identify date for first rebate payment at time of issuance. Enter in records for the issue.

Records

Management and retention of records related to tax-exempt bond issues will be supervised by the Oversight Officer.

- Records will be retained for the life of the bonds plus any refunding bonds plus three years. Records may be in the form of documents or electronic copies of documents, appropriately indexed to specific bond issues and compliance functions.
- Retainable records pertaining to the Tax-Exempt Bond include transcript of documents executed in connection with the issuance of the bonds (including authorizing resolutions, Bond Ordinance, Form 8038-G, and Tax and Non-Arbitrage Certificate) and any amendments, and copies of rebate calculations and records of payments, including Forms 8038-T.
- Retainable records pertaining to expenditures of bond proceeds include requisitions, accounting statements and final allocation of proceeds.
- Retainable records pertaining to use of property include all agreements reviewed for nonexempt use and any reviewed documents relating to unrelated business activity.
- Retainable records pertaining to investments include GIC documents under the Income Tax Regulations, records of purchase and sale of other investments, and records of investment activity sufficient to permit calculation of arbitrage rebate or demonstration that no rebate is due.

Overall Responsibility

Overall administration and coordination of this policy is the responsibility of the Oversight Officer.

| Dear | | : | |

The City of Buckhannon ("City") is seeking proposals from qualified financial institutions for the purchase of not more than \$6,000,000 in aggregate principal amount of a tax-exempt Bond Anticipation Note (the "Note") to finance certain additions, improvements and betterments to the existing public waterworks system of the City, consisting of design and pre-construction activities, specifically including but not limited to some or all of the following, engineering, legal, accounting, appraisal and project administration services, land and easement acquisition and related activities in connection with the acquisition and construction of improvements to the waterworks system, and all appurtenant facilities (collectively, the "Project") (the existing public waterworks system of the Issuer, the Project and any further additions, betterments and improvements thereto are herein called the "System").

The Note will be issued by the City. The System is operated and managed by The Water Board of the City of Buckhannon (the "Board"), a component unit of City government created by ordinance of the City. The City shall, from the Surplus Revenues of the System, cause to be paid the interest on the Note which accrues and becomes payable on the scheduled payment dates occurring prior to the maturity or earlier repayment in full of the Note. The Note shall bear interest based on the outstanding principal amount of the Note and shall be paid quarterly.

The basic terms of the financing are as follows:

<u>Issuer</u>: The City of Buckhannon.

Principal Amount: Not more than \$6,000,000.

Maturity: Three (3) years at which time all principal of the Note not

theretofore repaid will become due and payable; prepayment in

whole or in part at any time permitted without penalty.

<u>Interest</u>: Please provide a quote with simple interest at a tax-exempt rate.

Must be quoted as a fixed rate with no resets for the entire term

(non-adjustable).

Payments will be made quarterly and consist of interest-only.

For purposes of the interest rate quotation, assume that the closing will occur within sixty (60) days of the due date for the responses

to this proposal.

Scheduled interest payments on the Note will be payable solely from the Surplus Revenues of the System to be paid by the City.

The principal of the Note shall be paid in full with the proceeds of a Water Revenue Bond issued by the City and/or grant funding committed and available to the City for the express purpose of permanently financing the Project and Surplus Revenues of the System. It is anticipated that the purchaser of such Water Revenue Bond or the provider of such grant funding will be a State of West Virginia or federal funding source issued for the purpose of permanently financing the waterworks improvements for which the Project is being undertaken and that such funding source will close and be available for disbursement prior to the maturity date

of the Note.

The principal of and interest on the Note are NOT payable from the Gross Revenues or Net Revenues of the System or any other revenues or funds of the City.

Parity Bonds:

The City may issue additional Parity Bonds to finance additions, betterments and improvements to the System which are not part of the Project or to refinance Prior Bonds or Additional Parity Bonds while the Note is outstanding without the consent of the holder of the Note.

Tax Status of Interest on Note:

Federal and West Virginia tax-exempt. The Note is also being issued on the basis that the same will be "bank qualified" pursuant

to Section 265(b)(3) of the Internal Revenue Code.

Bond Counsel and

<u>Legal Opinion</u>: Steptoe & Johnson PLLC, Bridgeport, West Virginia will prepare

the Note and all ordinances, resolutions, certificates, and other documents, and if all necessary conditions are satisfied, will deliver their unqualified approving opinion regarding the validity,

and tax-exempt and bank-qualified status of the Note.

<u>Bank Expenses</u>: Please provide in your response a not to exceed amount for each

expense, if any, which the City will be required to pay in connection with the Bank's purchase of the Note, specifically

including, but not limited to, fees of Purchaser's Counsel.

Very truly yours, Amberle Jenkins Director of Finance/Administration

Reger/Randall motioned to approve the adoption a Supplemental Resolution of the City providing authorizations and approvals with respect to the issuance by the City of its Water Revenue Bond Anticipation Note, Series 2025 (Tax Exempt) in an amount not to exceed \$6,000,000 for the purpose of financing design, property acquisition and pre-construction activities relating to future improvements to the waterworks system of the City as well as costs of issuance of such Note and related costs, and to accept the proposal from Ohio Valley Bank as presented for the financing as present. The motion carried unanimously.

Without objection, agenda item 10. a., Pinning of Lieutenant Maria Potter was moved to the table for action. Chief Kimble provided an overview of the significance of the pinning and of Lieutenant Maria Potter's accomplishment. Lt. Potter's husband, FF 1st Class Brian Potter, did the pinning.

Without objection, agenda Item 12. b., Revisit Zoning Application Process was moved to the table for discussion and possible action. Mayor Skinner began the discussion, stating that he would like us to reconsider the action that we took in the previous meeting, where the Council voted to require zoning applications and permits for all landscaping projects. Discussions took place with comments from most council members, with varying recommendations, including Mr. Reger, who asked that we recall the previous motion and that we table the matter for further consideration of a better, more equitable approach. Mayor Skinner recommended that we consider Mr. Reger's suggestion. City Attorney Tom O'Neill stated that we would need a motion to reconsider the specific motion from the previous meeting, and then another motion to table any further action on the subject.

Reger/Thomas motioned to reconsider the action from the City Council meeting of August 21, 2025, which reads "Sanders/Zuliani motioned to require zoning permits for all projects, including window replacement, interior remodeling, and landscaping. The motion carried.". The motion carried unanimously.

Reger/Thomas motioned to table any further action regarding zoning permits for all projects, including window replacement, interior remodeling, and landscaping. The motion carried unanimously.

Mayor Skinner then excused himself from the meeting, and Recorder Sanders took over the meeting as the Chair. Sanders returned to the following item in the regular order of the agenda.

BEFORE THE ZONING BOARD OF APPEALS OF THE CITY OF BUCKHANNON, WEST VIRGINIA

IN RE: 133 POCAHONTAS STREET BUCKHANNON, WEST VIRGINIA PATRICK JACK APPEAL OF DENIAL OF ZONING PERMIT APPLICATION

MEMORANDUM DECISION

On May 28, 2025, Applicant Patrick Jack, of 133 Pocahontas Street in the City of Buckhannon ("Applicants"), appeared in person before the Zoning Board of Appeals of the City of Buckhannon, West Virginia ("Board") on hearing of his Application for the Zoning Variance under Ordinance No. 244 of the City of Buckhannon (hereafter "Zoning Ordinance"). Following a full hearing of its application, and due consideration of the facts of the case and applicable law, the Zoning Board of Appeals GRANTS the requested variance for the reasons stated herein.

Factual Background

The property located at 133 Pocahontas Street is within the municipal boundaries of the City of Buckhannon, is within the R-2 – General Residential District A zone established by the City's Zoning Ordinance and is owned by the Applicants. The Applicants seek to construct a 2-story addition on an existing foundation on the property measuring five feet by twenty feet. Its initial application was denied by the zoning officer because of the requirement of Section 502(C)(5)(a) related to the size of side yards, the proposed yard size falling below the minimum required yard size under the Zoning Ordinance. No other person appeared before the Zoning Board of Appeals hearing on this matter.

Legal Analysis

The activities and decisions of the City's Zoning Officer and Zoning Board of Appeals are primarily governed by the City of Buckhannon's Ordinance No. 244. This ordinance establishes the City's zoning districts and establishes the rules under which property owners may improve property within the individual zones. The Zoning Ordinance has the force of law within the City of Buckhannon, and the Zoning Board of Appeals is the final municipal administrative authority in the enforcement of the Zoning Ordinance, subject only to such changes to the ordinance as may be enacted by the City Council of the City of Buckhannon.

Section 502 of the Zoning Ordinance establishes requirements for the construction of, among other property improvements, side yards. However, the Board possesses the power to waive that particular requirement of the ordinance based upon the proposed use of the property, when granting a waiver or variance does not otherwise frustrate the purposes of the Ordinance. Section 101 of the Zoning Ordinance establishes its purposes. "The purpose of this ordinance is to plan areas so that adequate light, air, convenience of access, and safety from fire, flood and other dangers may be secured; that congestion in the public streets may be lessened or avoided; that lots, buildings and other structures may be maintained in a safe, clean and attractive manner. . . ."

Conclusion

It is the opinion of this Zoning Board of Appeals that the Applicant's proposed use of their property does not cause offense or injury to the purposes of Ordinance No. 244, and that the public interest is served in granting the application. In particular, it notes that the applicant intends to maintain a rear yard no less than three feet from the property line. The instant application is GRANTED.

Interested parties are notified of their right to appeal the decision of this Board to the Circuit Court of Upshur County within 30 days of the date below.

SOUTH BUCKHANNON MISSION CHURCH

MEMORANDUM DECISION

On May 28, 2025, Applicant South Buckhannon Mission Church, of 152 Randolph Street in the City of Buckhannon ("Applicants"), appeared in person before the Zoning Board of Appeals of the City of Buckhannon, West Virginia ("Board") on hearing of his Application for the Zoning Variance under Ordinance No. 244 of the City of Buckhannon (hereafter "Zoning Ordinance"). Following a full hearing of its application, and due consideration of the facts of the case and applicable law, the Zoning Board of Appeals GRANTS the requested variance for the reasons stated herein.

Factual Background

The property located at 152 Randolph Street is within the municipal boundaries of the City of Buckhannon, is within the R-2 – General Residential District A zone established by the City's Zoning Ordinance and is owned by the Applicants. The Applicants seek to construct a fellowship hall measuring fifty feet by eighty feet. Its initial application was denied by the zoning officer because of the requirement of Section 502(C)(6)(a) related to the size of rear yards, the proposed yard size (20 feet) falling below the minimum required yard size under the Zoning Ordinance (40 feet). No other person appeared before the Zoning Board of Appeals hearing on this matter.

Legal Analysis

The activities and decisions of the City's Zoning Officer and Zoning Board of Appeals are primarily governed by the City of Buckhannon's Ordinance No. 244. This ordinance establishes the City's zoning districts and establishes the rules under which property owners may improve property within the individual zones. The Zoning Ordinance has the force of law within the City of Buckhannon, and the Zoning Board of Appeals is the final municipal administrative authority in the enforcement of the Zoning Ordinance, subject only to such changes to the ordinance as may be enacted by the City Council of the City of Buckhannon.

Section 502 of the Zoning Ordinance establishes requirements for the construction of, among other property improvements, side yards. However, the Board possesses the power to waive that particular requirement of the ordinance based upon the proposed use of the property, when granting a waiver or variance does not otherwise frustrate the purposes of the Ordinance. Section 101 of the Zoning Ordinance establishes its purposes. "The purpose of this ordinance is to plan areas so that adequate light, air, convenience of access, and safety from fire, flood and other dangers may be secured; that congestion in the public streets may be lessened or avoided; that lots, buildings and other structures may be maintained in a safe, clean and attractive manner. . . ."

Conclusion

It is the opinion of this Zoning Board of Appeals that the Applicant's proposed use of their property does not cause offense or injury to the purposes of Ordinance No. 244, and that the public interest is served in granting the application. In particular, it notes that the applicant intends to maintain a rear yard with a size of 20 feet from the property line, maintaining some green space on the property. The instant application is GRANTED.

Interested parties are notified of their right to appeal the decision of this Board to the Circuit Court of Upshur County within 30 days of the date below.

BEFORE THE ZONING BOARD OF APPEALS OF THE CITY OF BUCKHANNON, WEST VIRGINIA

IN RE: 188 POCAHONTAS STREET

ZONING BUCKHANNON, WEST VIRGINIA

MATTHER WOOD

APPEAL OF DENIAL OF PERMIT APPLICATION

MEMORANDUM DECISION

On May 28, 2025, Applicants Matthew and Melissa Wood, of 188 Pocahontas Street in the City of Buckhannon ("Applicants"), appeared in person before the Zoning Board of Appeals of the City of Buckhannon, West Virginia ("Board") on hearing of his Application for the Zoning Variance under Ordinance No. 244 of the City of Buckhannon (hereafter "Zoning Ordinance"). Following a full hearing of its application, and due consideration of the facts of the case and applicable law, the Zoning Board of Appeals DENIES the requested variance for the reasons stated herein.

Factual Background

The property located at 188 Pocahontas Street is within the municipal boundaries of the City of Buckhannon, is within the R-2 – General Residential District A zone established by the City's Zoning Ordinance and is owned by the Applicants. The Applicants placed a boundary fence around their front yard without first filing for a building permit or seeking zoning review by the City's code enforcement officer. The boundary fence was found, upon inspection by the City, to encroach across the Applicants' property line and into the public right-of-way for Pocahontas Street adjacent to the property. The Applicants sought a hearing before the Board to determine their rights and seek ratification of their placement of the fence and appeared in person. No other person appeared before the Zoning Board of Appeals hearing on this matter.

Legal Analysis

The activities and decisions of the City's Zoning Officer and Zoning Board of Appeals are primarily governed by the City of Buckhannon's Ordinance No. 244. This ordinance establishes the City's zoning districts and establishes the rules under which property owners may improve property within the individual zones. The Zoning Ordinance has the force of law within the City of Buckhannon, and the Zoning Board of Appeals is the final municipal administrative authority in the enforcement of the Zoning Ordinance, subject only to such changes to the ordinance as may be enacted by the City Council of the City of Buckhannon.

Section 605 of the Zoning Ordinance establishes requirements for the construction of, among other property improvements, boundary fences. The section provides in relevant part: "Fences, hedges or other plantings, structures or walls, shall not be located on any lot so as to encroach upon any street, alley or sidewalk right of way, and on corner lots, shall not in any event be located closer than five feet (5') to the corner points of the sight triangle in order to facilitate vision across such corner lot by motorists and pedestrians."

As argued by the City Attorney in this matter, the City's Zoning Board of Appeals does not possess the authority to grant variances to the requirement that fences not encroach upon city streets. In this case, the fence as construction plainly appears to encroach by several feet into the public right-of-way for both Pocahontas Street and Taylor Street, and constitutes a continuing trespass.

Conclusion

It is the opinion of this Zoning Board of Appeals that the Board lacks jurisdiction to waive the requirement of Ordinance No. 244 that requires fences to not encroach onto the right-of- way of any public street, alley, or sidewalk. Therefore, the instant application is DENIED.

Interested parties are notified of their right to appeal the decision of this Board to the Circuit Court of Upshur County within 30 days of the date below.

Below are the details of the grant opportunity (a downloadable PDF of the same is also attached). We hope to have the application process live and available as early as next week!

Through this innovative effort, our collective goal is to establish the City of Buckhannon as **THE** place for small businesses to begin, grow, and thrive!

City of Buckhannon & Upshur County Development Authority New Small Business Start-Up Support Grant

The City of Buckhannon will invest the sum of \$25,000 with the Upshur County Development Authority to assist new, small business owners with overcoming the costly start-up expenses often associated with a business creation. This grant opportunity will provide new business owners with both the financial and knowledge-based support necessary to ensure long-term success and sustainability.

Similar to the successful "Façade Grant" program already in effect, outlined are the parameters for this program. The business must be...

- 5) Have a physical, "brick and mortar" storefront location.

To receive grant funding, a new business owner must complete a full application packet (including items listed below) and submit it to the Upshur County Development Authority.

A complete application should include:

- 1) Completed grant application (found on the U.C.D.A. website)

- 6) Request for funding amount

- 7) Narrative showing how the funds will be used
- 8) Proof of expenses (receipts) for reimbursement
- 9) Signed promise to provide a report back to the funding organization

An established committee (see next page) will vet each submission, provide feedback if necessary, and recommend approval upon successful review. Grant funds will be distributed on a dollar-for-dollar basis up to a maximum cap of \$5,000 per new business. The funds will be allocated specifically for the expenditure outlined and requested in the application proposal.

The committee established to review and approve application submissions will include:

- 1) Upshur County Development Authority Executive Director
- 2) Mayor of the City of Buckhannon

- 3) Physical improvements made to the operating space
- 4) Advertising and Marketing
- 5) Purchase of a point-of-sale system
- 6) Inventory (must be itemized)

At the end of the grant, the business owner agrees to provide a final report to the Upshur County Development Authority illustrating how the funds made starting a new business possible.

At the conclusion of one year, the Upshur County Development Authority Executive Director will provide a comprehensive report to the Council of the City of Buckhannon showing the financial investment provided to each new business.

Small businesses are the backbone of every community. Creating a healthy environment that encourages business growth enhances the economic vitality of the city and region. The goal of this program is to establish Buckhannon as a small business incubation city - where entrepreneurs are supported, and new businesses can grow and thrive. Utilizing the wealth of local resources found within collaborative organizations mentioned above, the mission of the committee is to ensure strong, well-thought-out, profitable, sustainable, and positive business growth through both financial and experience-related (mentorship) support to new business owners.

iii. Buckhannon Water Treatment Plant Project-Frequently Asked Questions (FAQ)

Buckhannon Water Treatment Plant Project - Frequently Asked Questions (FAQ)

BUCKHANNON, WV: The City of Buckhannon plans to construct a new \$33 million water treatment plant and invest an additional \$5.5 million in pipeline upgrades. Here are the most common questions that have been asked by the public, and the answers from those involved in the project.

1. What is the Buckhannon water project about?

The City of Buckhannon plans to construct a new \$33 million water treatment plant and invest an additional \$5.5 million in pipeline upgrades. Add in engineering, property acquisition, financing fees, and project contingencies, the total project cost is estimated to be approximately \$47.3 million. This project will continue to ensure clean, reliable water for thousands of homes throughout Buckhannon and much of Upshur County through the Public Service Districts.

2. Why is Buckhannon building a new water plant instead of fixing the old one?

A feasibility study has shown that retrofitting the existing water plant would be more expensive than constructing a new one. The new plant is a long-term investment in infrastructure and public health, including the addition of treatment processes to meet future regulatory water treatment needs.

3. Who is involved in the project?

The project is a collaboration between:

- Buckhannon Water Board
- Potesta & Associates (engineering)
- Steptoe and Johnson (legal)
- Smith, Cochran, and Hicks (accounting)
- Region VII Planning and Development Council (project administration)

4. How will the project be funded?

All costs related to the proposed water treatment plant and water distribution system improvements must be paid from the water rates collected. For this project, the City plans to apply for grants and borrow the remaining amount from various sources. Here is the breakdown based on our most current information:

- \$13 million in grants (hard to get approved, but if they are, they will be forgiven)
- \$34.3 million in loans from the USDA, WV Department of Environmental Protection Fund, and the WV Infrastructure and Jobs Development Council (IJDC) (all must be paid back through water rate collections)

5. Will water rates go up?

Yes. A total increase of approximately 62% is projected, ultimately raising the average monthly water bill from \$27.26 to \$44.14 (based on 3,400 gallons used a month). This will happen in two to three

smaller increases. As loans for the project will be taken out soon, the first small increase is likely to occur by the end of 2025 or in early 2026.

6. Why is a rate increase necessary?

The current rates cover the costs of the Buckhannon Water Department's current operations. The rate increase is needed not only for the current operations but also for the following:

- Repay the loans and interest for the money being borrowed to purchase the necessary land for the plant, pay for the engineering and design services, and the construction of the proposed water treatment plant and water distribution system improvements.
- Qualify for state and federal funding, which requires cities to demonstrate local financial commitment

7. When will the rate increase happen?

The increase will likely be phased in over time, in two steps. The first phase could begin within six to eight months to cover interest payments on the Bond Anticipation Note, which is a way to bridge the gap between the need for immediate funds to pay for property acquisition, engineering and design costs, and the expected proceeds from a long-term loan, which will be a 20 to 40 year loan period.

8. Could the rate increase be lower than projected?

Possibly. The final amount depends on:

- Interest rates and other terms on loans
- How much grant funding is secured

9. How does Buckhannon's water rate compare to other WV cities?

As of June 2025, Buckhannon is ranked 30th out of 329 water providers in WV, meaning residents currently pay less than 90% of the state.

10. Why is a higher rate required to get funding?

State and federal agencies consider water rates as a percentage of the Median Household Income (MHI). Buckhannon's rate is currently at 0.77%, far below the 1.25% threshold considered the minimum for funding eligibility. Low rates actually make Buckhannon less competitive for grants and loans.

11. Is this increase permanent?

Yes, the rate increase is intended to support long-term infrastructure investments and operating costs for the new facility. It will become part of the City's ongoing utility rate structure.

12. Will there be opportunities for public input?

Yes. There will be:

- Public meetings
- Ordinance readings

Residents will have chances to learn more and provide feedback before final rates are adopted.

13. What's the timeline for construction?

The design is expected to take approximately two years, with interim financing required beforehand to purchase the property and initiate design work. Construction will commence once the design and funding are in place, with an anticipated start date of September 2027.

14. What is interim financing, and why is it needed?

Before permanent loans and grants are secured, the city will need to borrow from local banks to cover early costs, such as design and property acquisition. These will be short-term, interest-only loans

15. What official steps has the City taken so far?

- Submitted a Rule 42 and project application filing to the West Virginia Infrastructure and Jobs **Development Council**
- Voted to proceed with the project and the necessary rate increase process

16. What happens next?

- Interim financing discussions will continue
- The rate ordinance will be finalized before any loan closing
- Public meetings will occur
- Design and planning will begin once interim short term financing is secured

17. Why is this project important?

The current plant is aging. While it continues to produce safe, clean, and reliable water, the cost of repairs is becoming increasingly high and critical plant components are becoming scarce. A new plant ensures Buckhannon will continue its award-winning water service for years to come. It also supports continued growth, economic development, and the promotion of public health in Buckhannon, Upshur County, and portions of Barbour, Harrison, Lewis, Randolph, and Webster counties, whose PSD's purchase water from the City of Buckhannon Water Treatment Plant.
